High Security Check Features

NEW
CUTTING-EDGE
Features

Maximize Protection. Get peace-of-mind, High Security protection for only pennies more per check.

Most
SECURE
Check
Available

FALSE-POSITIVE TEST AREA

An instant authenticity test using black light and/or counterfeit pen detection tools commonly found in most small businesses, retailers and banks.

FOIL HOLOGRAM

Our multicolored, dimensional foil includes embedded security features and cannot be reproduced by copiers or scanners.

HIGH-SECURITY BACKGROUND COLORS

Copiers and scanners cannot duplicate these Blue, Green, Maroon, Gray or Tan background colors.

ANTI-COPY TECHNOLOGY

This feature makes it very difficult to copy a document on the majority of copiers in use today.

CHEMICAL-WASH DETECTION AREA

Chemical alteration attempts result in speckling or stains in this lock area.

MULTI-TONAL VOID PANTOGRAPH & VERIFICATION GRID

A VOID element appears, and an otherwise noticeable element disappears, when the document is copied. This provides an effective deterrent to criminals.

INTRICATE DESIGN BORDER

Intricately designed border is difficult to reproduce.

THERMOCHROMIC INK

Disappears when heat is applied.

Look for this icon to identify our High Security Checks

ORIGINAL DOCUMENT BACKER

Original document screening deters cut-and-paste alteration attempts.

NEW MOBILE/REMOTE DEPOSIT REMINDER

Track and date deposits made via mobile device to prevent depositing checks twice.

Also includes these security features:

- Chemical-sensitive paper
- Consecutive numbering
- Invisible fluorescent fibers
- Microprinted borders
- Visible fibers
- Toner adhesion
- Padlock icon
- Security warning box
- Warning border
- High-resolution border elements
- Color pantograph background pattern

TRUE WATERMARK

Watermark pressed into paper can be seen by holding the check up to a light source but cannot be reproduced by copiers or scanners.

◀ Privacy Stamp 102182

A unique pattern of lines, curves and shapes helps mask sensitive information on documents you want to keep.

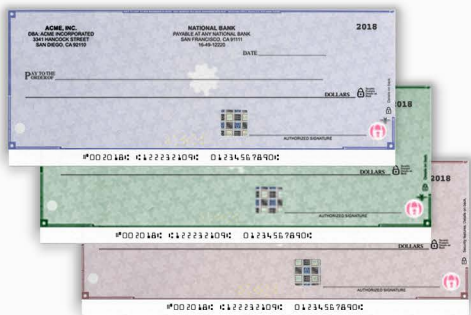

▲ Security Pen 102184

Special ink binds to paper fibers and helps prevent check washing, a form of check fraud. Also use this pen on important documents.

FAST & AFFORDABLE Next Day Checks!

83501

Security Top Check

8 1/2" x 11"

Single sheet check is located at top of sheet with two perforated stubs below. Available in Blue (shown), Green or Maroon.

Also available but not shown, DLT831. Same format as 83501 with standard security features. Single sheet available in Linen Blue, Green, Maroon, Tan, Gray or Violet. 2- and 3-single sheets available in Blue, Green or Maroon.

The diagram shows a vertical sheet with a blue header section at the top. The header section is 8 1/2" wide and 11" high. It contains the text '83501 Security Top Check' and '8 1/2" x 11"'. Below the header, there are two perforated stubs, each 3 1/2" high. The main body of the sheet is 4" high. The total height of the sheet is 11".

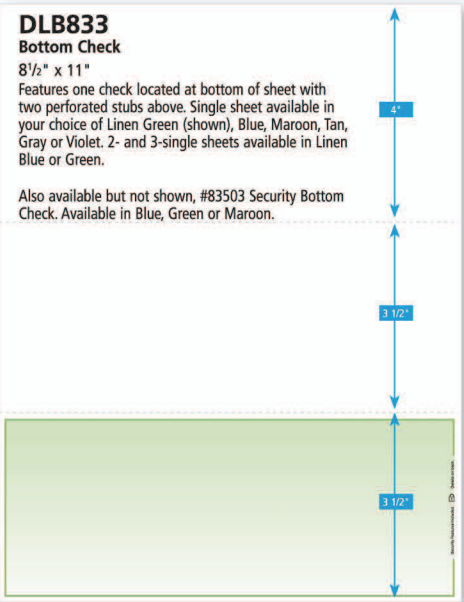

DLB833

Bottom Check

8 1/2" x 11"

Features one check located at bottom of sheet with two perforated stubs above. Single sheet available in your choice of Linen Green (shown), Blue, Maroon, Tan, Gray or Violet. 2- and 3-single sheets available in Linen Blue or Green.

Also available but not shown, #83503 Security Bottom Check. Available in Blue, Green or Maroon.

The diagram shows a vertical sheet with a green footer section at the bottom. The footer section is 8 1/2" wide and 11" high. It contains the text 'DLB833 Bottom Check' and '8 1/2" x 11"'. Above the footer, there are two perforated stubs, each 3 1/2" high. The main body of the sheet is 4" high. The total height of the sheet is 11".

SECURITY CHECK COLOR CHOICES

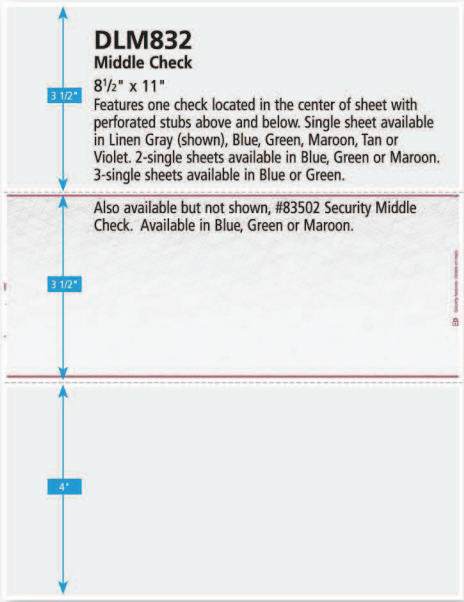

DLM832

Middle Check

8 1/2" x 11"

Features one check located in the center of sheet with perforated stubs above and below. Single sheet available in Linen Gray (shown), Blue, Green, Maroon, Tan or Violet. 2-single sheets available in Blue, Green or Maroon. 3-single sheets available in Blue or Green.

Also available but not shown, #83502 Security Middle Check. Available in Blue, Green or Maroon.

The diagram shows a vertical sheet with a gray header section at the top. The header section is 8 1/2" wide and 11" high. It contains the text 'DLM832 Middle Check' and '8 1/2" x 11"'. Below the header, there are two perforated stubs, each 3 1/2" high. The main body of the sheet is 4" high. The total height of the sheet is 11".

Security Blank Laser Checks

These affordable blank security checks help you manage all of your accounts with one stock. Checks come in packages of 500. Check security features include:

- Unique, multi-colored prismatic background pattern discourages copying and alterations; in your choice of Blue, Green or Maroon
- Thermochromic ink reacts to heat to deter copying
- High-resolution border with intricate engravings that do not reproduce well

Other advanced security features include: chemical detection wash area, visible embedded fibers, padlock icon, UV dull paper and a true watermark.
